

AI Internship Hunter - 7 Day Execution Plan

Day 1: Setup project, Streamlit UI, Resume upload feature.

Day 2: PDF parsing using PyMuPDF, extract resume text.

Day 3: Skill extraction using LLM (Mistral), structure profile.

Day 4: Internship matching logic (rule-based + AI ranking).

Day 5: AI answer generator for HR questions.

Day 6: Application tracker (SQLite) + UI integration.

Day 7: Testing, bug fixes, deployment on Streamlit Cloud + LinkedIn post.
